

Public Management

Job Opportunities Faculty Member

Yokohama City University's Graduate School of International Management has established the Social Innovation Master of Business Administration (SIMBA) Program to develop human resources who can acquire and apply data-based management techniques to various issues in the medical/health, social welfare, and public service fields.

We are now accepting applications from a wide range of individuals who are willing to engage in research and undergraduate and graduate education in "public management," which involves using data analytics to work with governments, hospitals, and businesses to solve social problems in local communities.
