

Immunology
Job Opportunities Faculty Member

The Department of Immunology at Yokohama City University School of Medicine invites applications for faculty positions in the following research fields and subjects.

The Department of Immunology at Yokohama City University aims to elucidate the mechanisms of differentiation, proliferation, and response of immune cells, as well as to understand the pathophysiology of diseases (cancer and autoimmune diseases) caused by their disruption and to develop therapeutic methods.

This position is open to individuals with broad knowledge of immunology who are willing to actively engage in the education of students at the School of Medicine and Graduate School of Medicine while promoting high quality research in the Department of Immunology.
